Lord Strathcona on Canada's Position as a Borrowing Country.
FINANCIAL STRINGENCY NOT FROM ADVERSITY
Canadians Recognize Period of Industrial Relaxation is Coming.

Toronto, Jan. 2.—Writing his usual introductory note to the annual financial survey of the Globe, Lord Strathcona expresses in more than ordinarily plain terms his opinion regarding the position of Canada as a borrowing country. After referring to the rapid increase in interest rates demanded by old country lenders the Canadian high commissioner says: "It need hardly be repeated that it is better for Canada that its extension should be steady and sure, that it should be built upon low solid foundations. Although financial conditions have been some-

what stringent in Canada for the last year or two it is not the stringency that comes from adversity, but the stringency that has sprung from prosperity. It seems almost as if every country in the world and every industry in the world is trying to get more money for development purposes, to extend commercial enterprise, and to "make hay while the sun shines." There is not enough to go round and the time has come when there are clouds in the sunshine. Canada should be more careful than ever of the position of the Dominion in the financial markets. Greater regard must be paid to the investor than is always shown to him."

Victor Ross, the financial editor of the Globe, writes that Canadians are wisely apprehending at its real value the record of a past era of unequalled commercial expansion and are recognizing a period of industrial relaxation just before them. He states that while large works will be carried on, the volume of construction throughout the Dominion in 1914 may be expected to fall behind previous years. The outfitting process has made enormous gains in the past decade, and has provided employment for a considerable percentage of the population, which may, or may not, mean disturbances. "The most careful scrutiny of the business conditions in the centre of population does not reveal evidence of dangerous overbuilding nor that the rampant speculation in realty values will exert a serious effect upon the country as a whole, however hard it may bear upon individuals. The cessation in construction will tend to diminish the output of the industrial centres, will limit traffic earnings, and

will cause considerable unemployment during the winter months and will be disagreeable between not apparent poverty. "Although it is made plain that after borrowing \$28,000,000 abroad in 1913, the demands of Canada for new capital are still far from being satisfied and that the future financing of Canadian government, municipal and corporation borrowers will be more costly than ever, the survey strikes an optimistic note. Its conclusion that upon opening a new set of books at the beginning of 1914 Canada may be encouraged by the knowledge that in the preparation of soil for this year's crop the strengthening of transportation facilities and the other equipment for increasing the productivity of our resources we have provided for a greater volume of exports in this 12 months, and that, although old country lenders are satisfied with the infinite variety of our requests, their demand for higher rates only repaid advances in the market for capital and not in any degree the impairments of our credit."

It is shown that at least 2,250 miles were added to Canada's operating mileage of Canada in 1913, the largest addition of any year in the history of the Dominion, while the number of miles under construction has established a new and inspiring record. At least \$100,000,000 was expended by Canadian railways or capital account in 1913. The outlay in 1914 will undoubtedly exceed that amount on construction accounts alone. The value of the western harvest is placed at \$212,000,000 as against \$192,000,000 in 1913, and the debt-paying power of the western provinces was increased by 20

lared with the infinite variety of our country was put to a new record by a contribution of four and a half millions in gold bricks from Porcupine, while the Cobalt camp almost maintained its record of the previous year with an output worth almost 18 millions. Precious metal mining had a boom in British Columbia and the Yukon, but industrial disturbances reduced the total value of coast mining last year. General business is said to be dull and likely to remain so.

PRESIDENT VICENTE RETURNS TO CAPITAL WITH VICTORIOUS ARMY

Caracas, Venezuela, Jan. 2.—President Juan Vicente Gomez returned to the capital today after an absence of five months. He brought with him the army of 7,000 men with which he had been encamped at Maracay since early in August when General Cipriano Castro, the former dictator, made an unsuccessful attempt to cause a revolution.

The soldiers marched through the principal streets and then were drawn up in front of Miraflores palace, where the members of the foreign diplomatic corps had gathered to offer their New Year's greetings.

St. Paul's parish hall was filled to its utmost capacity with a happy and expectant crowd of children, together with their parents and friends, on Tuesday evening last, when the annual Christmas tree and entertainment of St. Paul's Sunday school was held. The proceedings opened with a carol, "The First Nowell," by the school, after which the following program was carried out:

DANCE.

The dance given by the Sons of Scotland last night in the Separate school hall was a big success.

About 100 people were present and as many of the old Scotch dances were introduced among the waltzes and two-steps, everybody had a chance to show the fine "steps" they could remember.

Supper was served at midnight, and then more dancing until "Auld Land Syne" was sung as only a Scotch gathering can sing it, brought this "night" to a finish.

Wilson's orchestra provided a splendid program of music.

Some of the costumes worn at the Hal Poudre:

cade velvet with diamond trimming, calique of sable.

These were but a few of the lovely gowns worn. Everyone agreed that Edmonton never turned out a smarter set of well-dressed women than at this particular dance.

TANGO BEING SUPERSEDED.

London, Jan. 2.—The tango has been given the gas by the Dominant character, which is migrating from the Carleton hotel to the Ritz being succeeded by Scotch reels and waltzes dances which will be given with lace-pie accompaniment.

"The Gentlewoman" under the heading, "The dance of moral death," gives the views of a number of aristocratic hostesses who are unanimous in condemning the tango.

"The Gentlewoman" says: "The tango stands doomed and is now waltzing wildly through its final convulsions."

"FLOWER OF DESTINY" TELLS AMAZING STORY AT EMPRESS THEATRE

A delightful dramatization of one of the classic tragedies and epic poems of Italian literature will be shown on the screen at Canada's theatre beautiful, the Empress for today and tomorrow.

"The Flower of Destiny" is a two reel extra film telling a story as it is in its plot and development as showing as a setting, the time honoured castles of the Middle Ages, with the quaint interior decorations of the period, and taken in Italy where just the right shade of "local color" can be found. Those who availed themselves of the opportunity to see "Quo Vadis" will recall the wonderful acting on the screen of Anthony Novelli and Leah Guinich, who played the respective leads in that masterpiece of the photo drama. These two brilliant stars will also be seen in the stellar roles of "The Flower of Destiny."

A beautiful boy fell boyishly in love with his mistress, the Countess Ferdinand. As a token of his affection each day the lad placed a white carnation on the window sill. The Count discovered this and imagined the boy in death. There was sorrow in the poverty stricken home of the widowed mother, and her sister-in-law, who had been tossed across the bed. His sister vowed vengeance, she secured a position as page in the household of the count, and in boy's clothes, the Count is aware that she is a woman and madly falls in love with her, the Countess, however, did not know her identity and too is won by the charming and lovable personality, and then comes her turn of awful vengeance for by her scheming plan the count tries to kill his wife and the wife destroys her husband, slipping from the tragic scene the peasant girl changes into a woman's clothes, faces the countess and reveals her identity. Everyone will like this fin eversion of the great Italian epic.

The management of the Empress has been fortunate in securing a series of beautiful picture stories called "Who Will Marry Mary?" and the first of these sweet playlets "A Proposal From a Duke" will be shown on the same program today and tomorrow.

Each Friday and Saturday the Empress will offer one of these films until the entire series is finished. No other photo play theatre will present these delightful films. Mary Fuller, the heroine of the series, was pictured on the front cover of a recent issue of the "Ladies World" magazine which is running a series of these "Mary" stories in collaboration with the pictures.

"Belle of Yorktown" WILL DELIGHT PEOPLE AT THE BIJOU THEATRE

To the lovers of a sweet pretty war romance, bristling with action and movement "The Belle of Yorktown" will be one of the most appreciated films seen at the Bijou for some time.

This picture is the leader of the program for today and tomorrow and is in three large reels.

To those who have studied the motion picture it is well known that from an entertaining and effective production more can be easily learned as to the conditions, spirit and history of the period the subject in hand concerns, and more appreciative entertainment secured, than by reading pages and oftentimes volumes of dry histories. In "The Belle of Yorktown" is shown a faithful reproduction of these conditions during the late years of the 18th century, and although the plot of course, is only fiction, the surroundings and background are taken from the days they are said to have been and impressed upon the audience with an effect that can be felt.

Betty, the daughter of Sir Thomas Leding is love thy Captain Warrenton, of the staff of Lord Cornwallis, and Colonel Gordon of the Continental troops. Betty's love for the hero is enhanced by his generous action in allowing Warrenton to escape and she marries Gordon who accompanies him throughout the war.

The intrigues of Warrenton to steal Betty then begins, and while her husband is being nursed back to health, Warrenton happens "in the tavern scene" to be confabulating and attacking him. Betty defends her husband and kills Warrenton. The story is full of interest and excitement.

The recent marriage of Prince Arthur of Connaught to the Duchess of Connaught, the well-known and very popular English chronicle, in motion picture of the new of the islands and the continent.

THREE GOOD HEADLINES ON NEXT WEEK'S BILL AT PANTAGES THEATRE

...Ten singing and dancing boys, two comedians and a pretty little girl, Zena Keefe, constitute the headline attraction at Pantages for next week. The musical piece, which is entitled "Colleen Town," is just a bundle of rollicking songs, dances, jokes and general scenes from campus life. Miss Keefe has a winsome personality, and with these young men to back her up will render several most effective musical numbers. The act is decidedly original, for in place of the phalanx of pretty girls all stuffed up in ruffles and tutulows there will be a staid, masculine, masculine, masculine chorus. Miss Keefe has been for some time associated with the Varsity picture concern, and played income leads for them for several seasons. Her name and face are familiar to all patrons of the movies, who will doubtless take the opportunity offered them to see the young girl who so amused them in the silent plays.

In addition to musical comedy there will be the Hughes Musical trio, three instrumentalists and singers, who present a novel set of the high class songs. Mann and Belle, two girls who are named "Those Hair Girls," will sing some of the newest products of the hand working and writers of songspoint music, while a vocal and musical variety act will be the allotted number of laughs to the minute in "The Vandyke Agency," a sketch of exceptional comedy ingredients. Lewis and Clark have a libel for the palate of the picture show, "The Saloon and the Village Belle," which is a snappy series of jokes and filled with timely patter.

"ARIZONA" SHOWN AT THE MONARCH THEATRE TODAY AND TONIGHT

The Monarch theatre has a genuine hit in "Arizona," for today only. It is a pleasure to watch a photoplay that is bound to make others glad, and "Arizona" will certainly afford delight to all who see it. It is stamped with distinct character drawing the realistic environment. To face hardship and injustice with courage is not a question of nationality, so that the appeal is universal.

After a long session of misrepresentation, in which what is given out by the production was well kept, each player fitted his or her part as water fits a tumbler, and all were competent. It's really most unduly single any one for special praise, but just the same Gail Kane, as Bonita, Alma Bradley as Lena, Cyril Scott as Darius and the actor who played Tony, were pleasantly convincing.

Augustus Thomas has qualified as a motion picture producer. "Arizona" possibilities were realized as they never can be within the confines of a stage.

Praise of the players deserves a whole paragraph to itself. To begin with the production was well kept, each player fitted his or her part as water fits a tumbler, and all were competent. It's really most unduly single any one for special praise, but just the same Gail Kane, as Bonita, Alma Bradley as Lena, Cyril Scott as Darius and the actor who played Tony, were pleasantly convincing.

TOM MIX, WORLD'S MOST DARING COWBOY AT ORPHEUM THEATRE

An exceptionally good feature is being shown at the Orpheum, Jasper East, today and tomorrow in the western picture, "Law and the Outlaw," a romance of native life in the west. This wonderful photoplay presents Tom Mix, the world's most daring cowboy, in an intricate series of sensational, death-defying stunts, the like of which have never before been recorded in motion pictures.

Tom Mix plays the role of "Dakota" Wilson, an outlaw. One scene shows "Dakota" while on horseback, making his escape from a posse of sheriffs by leaping from his horse and tumbling down an almost perpendicular cliff.

Another scene shows the rescue of Ruth Watson (Vivienne Stodman), from almost certain death by "Dakota." She is about to be hanged on the gallows, a sudden shot which "Dakota" on horseback overtakes the gall and hanging from his horse and throws the frenzied beast. Still another scene shows "Dakota" fall from his horse and undergo a severe dragging when one of his feet becomes entangled in a stirrup.

HENRY E. DIXIE AT THE MONARCH THEATRE TODAY

The noted star of the legitimate stage, Henry E. Dixie, will be the attraction at the Monarch, appearing in a film dramatization of the startling detective play, "Chelsea 756." Starting in the extreme his story and the cast supporting Mr. Dixie is made up of arriettes from the regular stage who can depict with great strength the roles they are cast for. Daniel Fohn, the producer for the Famous Players, has directed this production with his usual clever style, and the many climaxes and anti-climaxes are brought out in a manner that causes the spectator to wonder at the marvelous effects introduced. Mr. Dixie is cast in the part of a detective, and by his clever calculations brings to justice a band of thieves long sought for by the police of New York. The play is a metropolitan mystery, and has already scored a hit on the legitimate stage.

Notwithstanding the enormous expense entailed in presenting the plays of the Famous Players company, the Monarch prices remain the same, and the beautiful photo-play house is enjoying a special patronage, as it deserves to, for the theatre is not only a credit to Edmonton, but it is conducted in a manner that leaves no room for criticism.

"THE FROZEN TRAIL" AT DREAMLAND THEATRE FOREMOST AMONG FILMS

The show at the Dreamland today and Saturday is just as good as the New Year's program, and that is saying some.

The top notch act present is "The Frozen Trail," and is one of the most of all the four new pictures that have been shown for a long time. The scenes are taken in Alaska, around the vicinity of Nome, the centre of the gold fields, and the story of the Frozen Trail is true to life from the land of the dog teams and where those stalwart men trail, and dream of gold, perhaps their Eldorado. The picture is exciting, and vivid with the atmosphere of the mining camps and bustling life in the true northern style.

Another film that will be on the same program and is a decided success, is the "Educated Monkeys." They do everything that can possibly be conceived of the animal—and are funny as well as highly educational.

"The Aristocratic Presidents" is a Vitaphone feature of a high order, contains some good moral points and will please the Vitaphone followers.

So, with this bill for today and tomorrow, it can be readily seen that the Dreamland is living up to a growing reputation. "The best movies, ever."

METHODIST SCHOOLS ATTEND RALLY DAY

1000 Strong They Marched
Yesterday Morning to
McDougall Church.

CARMEN WINS THE BANNER

Messages of Greeting Are
Received and Sent to Other
Provinces.

Following the custom of previous years, the Methodist Sunday schools of the city met yesterday morning at 10:30 to hold their annual rally under the direction of the Methodist Sunday school association of the city. The members of the various schools marched into the auditorium of the McDougall church, and were allotted their places as they arrived. The attendance numbered close to 1000. A printed program for the rally had been prepared by the association, and a copy was handed to each one present.

The meeting was called to order sharp on time by the president of the association, A. M. Vail, and at noon all was over and those in attendance got away in good time for New Year's dinner. Many of the schools had a part in the program, which was pronounced at the close the best that has yet been held. The address of the day was delivered by Rev. Powell, the president of the Alberta Methodist conference, his subject being "New Year's Day and what it means to us."

The attendance was taken by schools and the percentage of the total membership of each school was figured out by a committee. The highest school on the list proved to be Carmen, with 61 per cent. present, and the banner was awarded to this school, which has won the second year in succession that Carmen has carried off the trophy. Norwood school had the largest number of members present; Metropolitan came second on the list, and McDougall third.

The secretary reported that six new schools had been formed during the year, and that the total schools in the city now number 26. The average attendance of all the schools of the city for the whole year was 2.17, while the average for the last three months was 2.48.

The program contained three patriotic selections, "My Country, 'tis of Thee" and "God Save the King" being sung as the opening selections, and "O Canada" as the grand finale closed the rally. Messages of greeting were received from St. John, N. B., Calgary, Winnipeg and Toronto. The St. John message read: "St. John Methodist Sunday schools assembled in sixth annual rally in Centenary church extended greetings to Methodist Sunday schools of Edmonton. Read Certificates 15-26-27, signed by Rev. Gilbert Earle, chairman. That from Calgary was: 'The annual rally of Methodist Sunday schools of Calgary extends to the Edmonton rally New Year's greetings and best wishes for a successful and prosperous 1914. It is the enthusiastically important work of Sunday schools.' Signed by J. E. Buchanan, secretary."

Rev. J. P. Westman, assistant secretary of Sunday schools for Alberta and British Columbia, gave the following message: "Working among over 20,000 Sunday school members in British Columbia and over 20,000 in Alberta, I pause to greet you all this morning. May your New Year be brighter and more prosperous. Let us have a half-million rally by April, 1914." The last sentence has reference to the determination of the Methodist conference to have that many Sunday school members by the end of the convention year.

The Edmonton rally sent the following message to the cities in Toronto, Winnipeg and Calgary: "Edmonton Methodist Sunday schools, 3,000 strong, send greetings to you, and wish you a happy and prosperous New Year. Let 'Canada for Christ' be our motto. Let us go on and possess it. Read Deut. 10:22."

OLD TIMERS WIN BASKETBALL GAME AND CHAMPIONSHIP

At the Y.M.C.A. yesterday afternoon the Old Timers was the senior basketball championship of 1913. Their opponents were the Colts, who, although ahead at half time, could not keep up the terrific pace set by their rivals. The half time score was 14 to 11, and at full time 24 to 26. Fifty two people watched the game, which was full of all kinds of thrills. Good combination work and close checking were the features of the contest. Earl Wray was the high scorer for the Colts, with six baskets. Stevens got three. Hammond and Clark each two. With White, four. John Crozier two, and Patton two. The Old Timers were expected to win, except, of course, by the Colts themselves, who had it figured out on paper that they would be returned victors by the Colts. They were against them. Like Tommy Bates, with his "bear champion," he wants another chance. The other change will be forthcoming during the second series of the senior league, which will be held in a few days, with practically the same teams in the running.

The teams lined up as follows:
Old Timers Position Colts
Hammond Centre Stevens
Stevens Forward Whitehead
Dawson Forward English
Clark Guard Patton
Valentine Elliott Guard Watson
Reber G. R. Jackson

Demonstrate Against King.

Sofia, Jan. 2.—The opening of the Bulgarian New Year was marked by an unprecedented demonstration against King Ferdinand. As the king and queen, with their sons, entered the parliament building, the excited deputies shouted: "Down with the monarchy; long live the republic." When the king began to read his speech one of the socialists repeated the cry and shouted: "Sixty thousand Bulgarians have been sacrificed for the grandeur of the monarchy."

VARSITY SECONDS BEAT SOUTH SIDE SCORE THREE-TWO

The Varsity basketball team came over to the Y.M.C.A. yesterday afternoon and administered to the needs of the South Side school, which has been the dose of defeat 12 points strong. The game was the last of the first intermediate schedule and the championship was at stake. Varsity won 37-25. They have shown great form all through the season and are equally as good as the team in the senior division. The game yesterday was witnessed by a large crowd who thoroughly enjoyed the fast and exciting indoor game. Varsity won two hockey games as well yesterday and surely began the new year right. Walker was the man with the big score, having seven baskets to his credit. Hodgson scored six for the Dormats, and Ferguson five for his team. At half time the score was 19 to 8 for the winners and full time 27-25.

The teams were:
Varsity Position Dormats
Ferguson centre Gordon
Walker forward Baird
McNab forward Peshl

ANOTHER DISCOVERY OF PROFOUND INTEREST TO ANTHROPOLOGISTS

London, Jan. 2.—Mr. Charles Dawson, who found the famous Piltdown skull, has made another surprising discovery of profound interest to anthropologists. He has discovered that certain human bones have been broken like the rest of humanity, that is to say, they have one extra vertebra to the ribs attached. Mr. Dawson has lately been making examinations of various skeleton remains brought from the Arctic regions and has made the discovery that both men and women of one Eskimo tribe can show this abnormal development of the backbone. Mr. Dawson is of the opinion that what is an abnormal abnormality in man and apes has become the survival of the fittest and become a trait and permanent characteristic in the tribe in question.

Greece Wanted to Buy Ship,

London, Jan. 2.—The purchase by Turkey of the Brazilian dreadnought *Ilha de Janeiro* with money raised in France, it is said extensively by the press in the salaries of Turkish officials, has perturbed not only Greece but Europe in general. Such a simple method of disturbing the balance of naval power is held in diplomatic circles, calls for some agreement among nations to prevent sales like that of the *Ilha de Janeiro*. As a first step in this direction, some diplomats believe a demand should be made that both England and France close their markets to Turkey loans allegedly raised in order to make war on Greece.

Greece it is said herself was trying to purchase the *Ilha de Janeiro*, but was unable to raise the money. She is now believed to be negotiating for other vessels. According to the official Greek view of the situation, Greece takes comfort in the fact that it will be another six months before the *Ilha de Janeiro* is ready for service, when it is expected Turkey will endeavor to recapture her lost Aegean island.

At indoor basketball Varsity lost to the Varsity B team 25 to 24.
At volleyball the Varsity beat the Colts two games out of three. Tommy Hinde being greatly responsible for the victory with his lightning foot and hard serving. The Colts gave a fine exhibition of apparatus work, including tumbling, crown, high bar work, gymnastic dancing, trust, horse, back, and the building of human pyramids. Following are members

of the team: Minkley, Bennett, Gordon, Hunter, Newman, Cook, Watson, Bentler, Rankin and others.
During the day a reception was held in the spacious auditorium, refreshments were served, and there was good music by an orchestra. The Y was very tastefully decorated for the occasion. Potted plants and palms were used with good effect. During the course of the day nearly 2,000 visitors enjoyed the day's program.

BULLETS FLEW ON SUTHERLAND STREET ON NEW YEAR'S EVE

While Mrs. Sias and two friends were sitting in the kitchen at her home at 11 Sutherland street, listening to the New Year being ushered in by the shrilling of a score of factory whistles, a bullet suddenly crashed through the window and buried itself in the wall not very far from where Mrs. Sias was sitting. One of the men in the house went outside the door to see who was doing the shooting, only to have his hat fired off by another bullet. Nothing further could be learned as to who had done the shooting, but it is thought that the shots were fired by someone who was ushering in the New Year in this peculiar way.

THE GIG LEAGUE

(By Christy Mathewson, the Giant Star Pitcher)

When nobody ever sees him, and he just sits on the bench?

"They say he framed up all the plays," declared the other.

"I may frame them up, but who says he framed up all the plays?"

"Why, I have been watching the Athletics play for years, and I wouldn't know Connie Mack if I saw him."

The tall Irishman, who was hanging to a strap, directly in front of him, the two young fans were sitting, leaned down and said in his drawl way:

"Get acquainted with me. I'm Connie Mack, and I believe you are right when you say the boys should get the credit."

Both fans were startled into dumbness when they realized that the great manager had listened to their frank talk, and left the train at the next station before they had a chance to reply.

The picturesque is what the fans in managers and players.

The terms with "color" are the most notable at the rate. The Athletics are a great ball club, but they do not care for much "color." Even their uniforms are denuding like the sky on a dull day. Once "Ty" Cobb, in a fit of wrath, when he had been talking to intentionally spiking Baker, went over to the Philadelphia bench and hawled Mack's coat off of him. The newspaper according to the stories that I heard from American leaguers at that time, "Mack" was so angry that he threw the coat at the Philadelphia pitcher, and he was so angry that he threw the coat at the Philadelphia pitcher, and he was so angry that he threw the coat at the Philadelphia pitcher.

What is the explanation of this and of much talk as this by "Connie," long known as the sphinx of the game?

"If Joe Tinker is worth \$25,000, how the hell I have covering second base for my club, Eddie Collins, is surely worth just four times that amount, which is \$100,000," said "Connie" recently, according to interview with him which I saw in the coast papers. "I can prove that. I'll just look at the two records of the players."

It takes only a little thing more to get Mack off interviewing, where in the past years you couldn't get an interview or an opinion out of him with a bit of delectable force. He is ready and willing these days to give his views on matters pertaining to baseball. And the result is that the Philadelphia owners believe that the club will draw better to the fans and have "Connie" more frequently, and he seems to be working along these lines.

In other words, the development of baseball in the last few years has proved that the team with the most "color" in the best business proposition and that the fans like the intimate stuff.

They tell a story about Mack when the tall Irishman won the world's championship for the first time by beating the Chicago Cubs. He was going down town on the Philadelphia railway when two young men started discussing the team. They were talking about Mack, and he overheard the conversation.

"I think it is so much 'Connie' Mack as his players that win for him," said one of the conversationalists. "How can he amount to much

VARISITY TRIM SOUTH SIDE SEEN IN FAST GAME LAST NIGHT 9-8

Fast Game in Northern Provincial League—Teams Are in Great Shape—Dietz, Lobston and Dean Were Best Men on Ice Last Night.

What turned out to be a very fast and exciting hockey game was played last night at the South Side rink between the Varsity and Intermediate. It was a scheduled event in the northern provincial league. The half "me" score was 6 to 4 in Varsity's favor and the score at full time was still in their favor but by a much closer margin, 9 to 8.

From the drop of the hat, both teams went at it like a bull pup to a root. The fourteen men seemed to fly tip top condition and some really fast and brilliant hockey playing was exhibited at all times. Varsity's Dietz and Lobston were the pick of the Varsity crew and Chubb put in a good game. The South Side's Dean, Lobston and Yull showed to advantage for the South Siders. McCormick in goal played handsomely and kept the South Side from scoring. Chubb although he saved many number of hard shots. The game was called at 8:30 by referee, Harold Dietz.

The Varsity team was no doubt "encouraged" by the absence of Lovell, who has been denied the privilege of playing any more hockey for Varsity on account of being behind in his school work. The similar fate overtaken "Doc" Carmichael.

First Half

The game had not been in progress more than five minutes when Parsons was given a rest. A Varsity two-man goal was scored in the first seven minutes play. They scored again in one minute and Dietz followed with a shot from the side. In the second, score 3-0. After ten minutes more play the South Siders tally after first score and following three and other in ten seconds. Score 3-2. In four minutes more, Varsity added three more goals in eleven minutes. In the last minute the goal again for Varsity in less than a minute and the score is 9-2. The Varsity team is showing a goal and the South Siders about in after two minutes of play. Another follows

McCAULEY SCHOOL WINS RAMSAY CUP BASKETBALL GAME

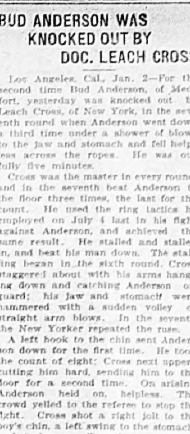

All is joy and gladness in the vicinity of McCauley school these days, for have not the boys of that school fought their way through a long series of games to a championship which reflects great credit on a team, which has been so successful in the past.

The victory of the team was won by the fact that the principal never missed a game. The final game for the cup was played between McCauley and Ramsay, and the former won by a score of 17 to 6.

The winners no particular boy could be singled out, as they were essentially a team, and the play of one depended upon the other. Clegg and Watson on the forward line worked well together and shared honors as one scored three baskets and a free throw and the other scored four baskets. Jones in center and the pivot, which all combination play was made and Dickey and Morrison checked, inter victory. Many of the other teams could learn lessons from this quietude and if they improve as much in the next few years as they have in one year, they will be a very hard team to beat.

The game was played at the Ramsay school, and the Ramsay team was defeated by a score of 17 to 6.

American Bowling Game

While bowling is one of the most ancient of sports, and in England can be traced back to the twelfth century, the modern game of tenpins, now so popular all over the world, was introduced into America by the Scotch and English settlers of Massachusetts, and bowling first, in down state New York, was introduced and was known as "skittles" in England.

The outdoor sport held its own until the beginning of the nineteenth century, when the first American club to have an indoor alley, and it was there, on the first three days of the year 1840, that the first match contest was played. For thirty years after that bowling regularly grew in popularity, but each city, and even each alley, had its own local rules, and the equipment varied widely.

It was not until 1875 that the first bowling association was formed, and it was then that the first bowling association was formed, and it was then that the first bowling association was formed.
